## Objective

Motivated Software Developer with a Diploma in Software Development and hands-on experience building responsive web applications using React, Next.js, Node.js, and MongoDB. Eager to contribute strong problem-solving skills and creativity to a dynamic development team.

## Experience

- GMNT Holdings** October 2024 - Present  
Software Developer (Intern)
  - Developed and deployed responsive company websites using React, Next.js, and Tailwind CSS.
  - Built and maintained project codebases, implemented modern UI components, and ensured cross-browser compatibility.
  - Collaborated with team members to plan and deliver project milestones.
- Spaza eats** May 2024 - September 2024  
Software Developer Intern  
System management:
  - Optimizing internal systems to ensure seamless functionality and efficiency.  
Dispatch Coordination:
  - coordinating with delivery personnel and optimizing routes to enhance efficiency  
Software Management:
  - identifying bugs, suggesting enhancements, and assisting in the deployment of updates
- Mzingisi Simplified Solutions** June 2023 - April 2024  
Software Developer (Intern)
  - Designed and developed new websites for the company and clients using HTML, CSS, and React.
  - Improved existing company website by implementing responsive design and modern UI updates.
  - Built a personal online portfolio to showcase company projects.

## Education

- Tshwane University of Technology**  
Diploma in Software Development
